EXPERIENCE

Junior Data Assistant

Grupo Vilarouca

07/2024 - 02/2025 Fortaleza, CE

- Developed over 10 strategic dashboards in Power BI, providing actionable insights that led to optimizations in productivity levels.
- Executed the complete ETL cycle, consolidating data from 10+ dashboards, extracting and consolidating information using Selenium and Python, ensuring high analytical quality.
- Actively collaborated with key departments (Marketing, Logistics, and Operations) to define and monitor KPIs, ensuring alignment of metrics with the objectives of each sector.

Mid-Level Buyer

Unimed Fortaleza

10/2023 - 02/2024 Fortaleza, CE

- Ensured the supply chain for internal clients and guaranteed timely delivery of essential products and services.
- Managed and updated the supplier portfolio and new contracts, expanding the base of strategic partners.
- Optimized inventory control and operational flows based on supply demands, resulting in a better management of the budget and increased operational efficiency within the department. Led the quotation and negotiation process, documenting the discounts achieved.

EDUCATION

Bachelor's in Technology in Analysis and Systems Development

Uniateneu

09/2025 - 02/2028 Online Education

- Bachelor's in Technology in Analysis and Systems Development
